

# **European Conference on Trapped Ions (ECTI)**

**7<sup>th</sup> European Conference on Trapped Ions**

**Monday 25 September 2023 - Friday 29 September 2023**

**Schloss Bückeburg**

## **Scientific Programme**

The conference will bring together the international ion-trapping community and will cover the whole breadth of topics of the community, including quantum computing, simulations and sensing, precision measurements and optical clocks, crystals and dynamics, molecules and more.

## **Quantum Computing**

## **Quantum Simulations**

## **Precision Measurements**

## **Optical Clocks**

## **Crystals and Dynamics**

## **Molecular Ions**

## **Hot Topics**

## **Novel Approaches**
