

European Conference on Trapped Ions (ECTI)

Monday 25 September 2023

Monday Hot Topics: Hot Topics (17:00-18:00)

-Conveners: Rene Gerritsma

time	[id] title	presenter
17:00	[28] Experimental quantum channel discrimination using metastable states of a trapped ion	DEBRY, Kyle
17:20	[136] Entanglement distribution, teleportation, and QKD over a 14-km urban fiber link	ESCHNER, Jürgen
17:40	[93] Analogue quantum simulation of molecular vibronic spectra with a trapped ion	NAVICKAS, Tomas
