

European Conference on Trapped Ions (ECTI)

Friday 29 September 2023

Friday: Session I (09:00-10:30)

-Conveners: Fabian Wolf

time	[id] title	presenter
09:00	[68] Quantum Logic Control of a Single Molecular Ion	LEIBFRIED, Dietrich
09:30	[54] A general method for single molecule infrared spectroscopy	PATTERSON, David
10:00	[97] Molecular ion studies at the Cryogenic Storage Ring (CSR)	SCHMIDT, Viviane Charlotte

Friday: Session II (11:15-12:45)

-Conveners: Christian Ospelkaus

time	[id] title	presenter
11:15	[166] Precision Penning trap experiments for fundamental physics	STURM, Sven
11:45	[174] Probing P,T-violation with molecules in high charge states	BERGER, Robert
12:15	[213] Probing TeV-scale physics in an ion trap	ROUSSY, Tanya
